

# Journal of Advances in Information Fusion

A semi-annual archival publication of the International Society of Information Fusion

**Regular Papers** **Page**

**A Decision-Centric Framework for Density Forecasting**.....73  
*Gabriel Terejanu, University of Texas at Austin, USA*  
*Puneet Singla, University at Buffalo, USA*  
*Tarunraj Singh, Texas A&M University, USA*  
*Peter D. Scott, University at Buffalo, USA*

**Feature-Aided Tracking of Ground Vehicles using Passive Acoustic Sensor Arrays** .....88  
*Vishal Chalapadi Ravindra, University of Connecticut, USA*  
*Yaakov Bar-Shalom, University of Connecticut, USA*  
*Thyagaraju Damarla, US Army Research Laboratory, USA*

**Measurement-Guided Likelihood Sampling for Grid-Based Bayesian Tracking** ..... 108  
*Jason M. Aughenbaugh, University of Texas at Austin, USA*  
*Brian R. La Cour, University of Texas at Austin, USA*

**Algorithms for Asynchronous Track-to-Track Fusion** ..... 128  
*Xin Tian, University of Connecticut, USA*  
*Yaakov Bar-Shalom, University of Connecticut, USA*

**Information for Authors**..... 139
