

Journal of Advances in Information Fusion

A semi-annual archival publication of the International Society of Information Fusion

Regular Papers

Page

Bearings-Only Tracking with Fusion from Heterogenous Passive Sensors: ESM/EO and Acoustic 3
Rong Yang, DSO National Laboratories, Singapore
Yaakov Bar-Shalom, University of Connecticut, USA
Gee Wah Ng, DSO National Laboratories, Singapore

Joint Identification of Multiple Tracked Targets..... 20
Dominic E. Schaub, Atlantic Research Centre, Canada

Cognitive Video Streaming..... 41
D. Pasupuleti, University of Connecticut, USA, University of Connecticut, USA
P. Mannaru, University of Connecticut, USA
B. Balasingam, University of Connecticut, USA
M. Baum, University of Connecticut, USA
K. Pattipati, University of Connecticut, USA
P. Willett, University of Connecticut, USA
C. Lintz, Comcast Corporation, USA
G. Commeau, Comcast Corporation, USA
F. Dorigo, Comcast Corporation, USA
J. Fahrny, Comcast Corporation, USA

Space Based Sensor Bias Estimation in the Presence of Data Association Uncertainty..... 58
Djedjiga Belfadel, University of Connecticut, USA
Richard W. Osborne, III, University of Connecticut, USA
Yaakov Bar-Shalom, University of Connecticut, USA
Krishna Pattipati, University of Connecticut, USA

Analysis of Log-Homotopy Based Particle Flow Filters 73
Muhammad Altamash Khan, Fraunhofer FKIE, Wachtberg, Germany
Martin Ulmke, Fraunhofer FKIE, Wachtberg, Germany
Wolfgang Koch, Fraunhofer FKIE, Wachtberg, Germany

Applying Interacting Multiple Model to Financial Asset Allocation 95
Shozo Mori, Systems & Technology Research, USA
K. C. Chang, George Mason University, USA
Hajime Takahashi, Tottori University of Environmental Studies, Japan
Chee-Yee Chong, Independent Researcher, USA

Tracking a Maneuvering Target Using Two Heterogeneous Passive Sensors on a Single Stationary Platform with IMM Estimation..... 110
Hong An Jack Huang, DSO National Laboratories, Singapore
Yaakov Bar-Shalom, University of Connecticut, USA
Rong Yang, DSO National Laboratories, Singapore
Gee Wah Ng, DSO National Laboratories, Singapore

Statistical Efficiency of Simultaneous Target State and Sensor Bias Estimation 125
Djedjiga Belfadel, Fairfield University, USA
Yaakov Bar-Shalom, University of Connecticut, USA
Peter Willett, University of Connecticut, USA

Volumes 1-11 Index..... 135
